SUMMARY

Frontend Developer with 3+ years of experience building responsive, scalable web applications using React.js, Redux Toolkit, and Tailwind CSS. Skilled in performance optimization (lazy loading, code splitting, reusable components) and translating Figma designs into pixel-perfect UIs. Experienced in collaborating with cross-functional teams and integrating REST APIs, with additional full-stack knowledge of Node.js, Express, and MongoDB.

EXPERIENCE

Associate Software Developer   Feb 2022 - Nov 2024
Scubeelate Technologies Pvt. Ltd.   *Bangalore, India*

- Developed and optimized 5+ web applications and admin panels using React.js, Next.js, Tailwind CSS and Redux Toolkit, improving performance and scalability.
- Translated Figma and Sketch designs into pixel-perfect, responsive UIs, ensuring consistency across devices and boosting user satisfaction.
- Built reusable, scalable frontend components and applied performance optimizations (lazy loading, code splitting, image optimization), reducing page load times by 25%.
- Implemented state management with Redux Toolkit to handle complex UI workflows, ensuring predictable and consistent app behavior.
- Enhanced user experience by developing interactive animations and transitions with GSAP, increasing engagement.
- Collaborated with backend developers, UI/UX designers, and product managers to integrate APIs and deliver features, contributing to a 20% increase in mobile engagement.
- Ensured cross-browser compatibility and responsiveness through rigorous manual testing, delivering high-quality interfaces across Chrome, Firefox, Safari, and Edge.

CERTIFICATIONS

Full Stack Web Development (MERN), Masai School, Bangalore.   2022

EDUCATION

Bachelor of Engineering (Electronics and Telecommunication), PRMIT&R, Amravati.   2016 - 2020

SKILLS & ABILITIES

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Redux, Tailwind CSS, Material UI, Responsive Design.
State Management	Redux Toolkit, Context API.
Backend	Node.js, Express.js, MongoDB, Mongoose, REST APIs.
Performance Optimization	Code Splitting, Lazy Loading, Image Optimization.
Development Tools	Git, GitHub, NPM, Figma, Postman, Chrome DevTools.
Soft Skills	Troubleshooting, Problem-Solving, Collaboration, Client Interaction.

PROJECTS

LWL8: An e-commerce platform for the LWL8 Smart Water Bottle with hydration tracking and mobile app integration. Built with responsive design, intuitive navigation, and SEO optimization to improve user experience and drive conversions. Contributed to creating a professional digital presence aligned with the brand's mission of smart hydration and sustainability. (Live Demo)

Zaincare: A home healthcare platform offering customized care plans and easy at-home service bookings. Designed user-friendly interfaces for patients and healthcare providers, and integrated notifications and booking management for seamless operations. (Live Demo)

Sneakout Worldwide: A full-featured e-commerce site for bags with animations, JWT authentication, payments, and purchase flow. Optimized performance with lazy loading and code splitting, improving load times by 25%. Integrated secure payment gateways and cart management to ensure smooth checkout. (Live Demo)

Kahani: A web platform where users can create and manage stories based on categories. Implemented secure user authentication, profile update functionality, and CRUD operations for users and stories with responsive design for seamless cross-device experience. (Live Demo)
